AIP SUP 08/2026

Publication: **01 OCT 2026**
Effective from: **01 OCT 2026**
Effective to: **18 DEC 2026**

GVAC AD 2.14 – APPROACH AND RUNWAY LIGHTING
RWY 19 APPROACH LIGHTING SYSTEM – REDUCED LENGTH

1. Purpose

The purpose of this AIP Supplement is to promulgate a temporary reduction in the available length of the RWY 19 approach lighting system at **Amilcar Cabral International Airport (GVAC)**.

This AIP Supplement replaces NOTAM A0031/26.

2. Operational Information

The **RWY 19 approach lighting system (APCH LGT)** is temporarily reduced to a **maximum available length of 810 M**. All other information published in **GVAC AD 2.14** remains unchanged.

3. Validity

This AIP Supplement is effective from **01 OCT 2026** and will remain in force until **18 DEC 2026** or until the RWY 19 approach lighting system is restored to its published configuration, whichever occurs first.
